Employment Instructions for Note Taker

Dear Note Taker,

Our goal at the Disability and Learning Resource Center is to provide equal access to education to all students regardless of their disability. So it will be very important to follow these instructions:

1. Attend all classes and write detailed notes.

2. Please type your notes but handwritten is okay but it must be readable.

3. On days that an instructor does not lecture write “NO LECTURE NOTES”. Please write what occurred in class on that date.

4. Please type and upload your weekly notes to the DLRC Services Google Drive; we will provide you with the link once we have all the necessary documents.

5. Please upload your notes to the CORRECT class and professor.

If you receive a call from the DLRC that your notes were not received by the designated date, please make sure to upload your notes promptly.

If you cannot fulfill these obligations due to unforeseen difficulties, please contact the DLRC so we can recruit a replacement note taker. Please understand that if this occurs you will not receive payment for your previously submitted notes.

If you have any questions please do not hesitate to contact Dr. Jackson directly at extension 1586. Thank you for your interest and hard work in providing these accommodations for students with disabilities.

Blessings,

DLRC Staff
