Townsend Institute and Concordia University

Student Handbook and Policies

Mission of Concordia University Irvine
Concordia University, guided by the Great Commission of Christ Jesus and the Lutheran Confessions, empowers students through the liberal arts and professional studies for lives of learning, service, and Leadership.

Mission Statement School of Professional Studies
Guided by the Lutheran tradition of vocation, the School of Professional Studies serves and cultivates the curious through transformational learning communities to discover and utilize their gifts for meaningful service.

Townsend Institute Mission and Vision
The Townsend Institute is committed to educating thousands of best-in-class counselors impacting the world for Christ and trained by a Competence & Character model, which is biblically-informed, research supported, and skills oriented. The adult learner and the Institute are a partnership. The Institute’s tasks are to provide top-tier content, which is experientially learned, faculty who are scholar-practitioners, and personal and administrative support to train you to become a high-level professional counselor. Your tasks are to diligently learn the content, to interact with faculty and your classmates, and to grow your competence and your character.

The Townsend Institute and Concordia University
The Townsend Institute and Concordia University have formed a unique partnership to offer two graduate programs. John Townsend is an American Christian author and speaker. Dr. Townsend is a Christian New York Times best-selling author, leadership coach, psychologist and organizational consultant who has been helping leaders, organizations and individuals make changes and exceed their goals for more than two decades. The Master of Arts in Counseling and Master of Arts in Organizational Leadership degrees are offered by Concordia University in collaboration with Dr. Townsend.
Acceptance Procedures

Students must submit the following:

- An application with a nonrefundable application fee of $50
- One official transcript from a regionally accredited college or university that shows your confirmed bachelor’s degree. Official transcripts must be sent in a sealed envelope.
- Possess a GPA of at least 3.0 on a 4.0 point scale
- Written essay (2 pages, 500 word minimum) addressing the following items:
  - Personal, professional, and educational goals
  - In your experience, what is the best way that a person grows or changes? You can add an example of a characteristic about yourself that you wanted to change and how you went about changing it.
  - What parts of your personality do you feel are conducive to your potential success in forming effective counseling relationships?
  - What is your capacity as a counselor to treat all those in need and show respect for cultural differences?
  - What interested you in applying to the Townsend Institute as opposed to other programs?
- Minimum of 1 professional Reference
- A current professional resume

Transfer of credits

- The university accepts a maximum of six (6) units of graduate credit from a regionally accredited university. Credit must have a posted score of a B (3.0 on a 4.0 scale) or higher. All transfers are at the discretion of the Counseling Program Director or Assistant Dean of the School of Professional Studies.

ADMISSIONS APPEAL PROCESS

When an applicant for any of the Townsend Institute majors or certificates does not meet the pre-set admission criteria set forth initially by the faculty, Concordia University Irvine will move the student through the appeal process (which a student begins with a written appeal or with a formal letter to their admissions counselor). The applicant may provide any pertinent information for their appeal, including but not limited to GMAT scores, formal written appeal letter, character references, and any other additional materials or supportive documentation. The admissions counselor will send the complete student file to a review committee to include Director of Admissions (or similar) and Program Director (or approved faculty representative). Applications appeals that receive a split vote for admission following the Director of Admissions and Program Director review will be escalated to the Dean for a final recommendation.

This process should take no more than 5 working days from the beginning of the students appeal (with completed file) to the time of decision. If no decision is made within the 5 days, the decision will be made by the Director of Admissions (or similar). This appeal process is for anyone who does not fully meet the admissions criteria set forth and shall have written documentation that will be stored in the students electronic file.
New Student Orientation

New students to the Townsend Institute Counseling program are given a student handbook at the time of acceptance. Before students are able to enroll in class, they must sign and return a “Handbook Acknowledgement Form” to the academic advisor.

As part of the student’s orientation, they will be given access to a blackboard “class” containing resources. Students will continue to have access to this class until graduation. This class will always contain the latest version of the student handbook, calendar, training videos and any necessary forms or information.

Students begin the Counselor Education Program with COUN 600, Personal Development and Group Process Skills, which is a hybrid online course with a full four-day campus-based intensive learning experience. In the first online course meeting, students will have the opportunity to discuss questions regarding the handbook, students’ ethical and professional obligations and eligibility for licensure with their professor. The four day intensive provides opportunity to build relationships with fellow students, faculty, and staff. During this intensive, students’ personal growth expectations as counselors-in-training are discussed in relation to Dr. Townsend’s Character + Competence model (see page 2). As part of this course, students participate in a process group training experience led by a trained faculty facilitator. Students will grow in the critical relational skills that are necessary to counsel effectively, have vulnerable interaction and receive targeted feedback from members.
Academic Policies and Resources

Attendance and Participation
Students are expected to attend all classes or watch the class recordings, synchronous and asynchronous, to have completed the readings and assignments by the due date, and to be active and involved in class discussion and discussion boards. On average, students should expect to spend approximately 13-16 hours per week (for a 7-week long course).

Absence Policy
Course absences include missing a virtual class and/or not watching the recording, missing a homework partner call, or not participating in a weekly discussion board. Unexcused absences of even one class session may incur a reduction of up to one letter grade (i.e., A to B). For an absence to be excused, a valid excuse must be cleared with the instructor prior to the scheduled class time. Excuses that relate to emergent circumstances, illness, and work-related events will be considered for a make-up assignment/activity (one excused absence only). Two or more absences can result in being dropped from the course or a non-passing grade.

Late Assignments
Timeliness and effective time management are critical skills for success both in school and in life. Contact the Instructor immediately if you encounter an unanticipated life event that is out of your control and prevents you from meeting an assignment deadline. Requests for leniency are granted at the instructor’s discretion. Repeated requests for extensions will be denied and chronic lateness will adversely affect your grade. Requests for extensions after the assignment due date has passed are not likely to be considered, except for emergent issues. Examples of emergent issues include a health crisis for you or an immediate family member for whom you are a caregiver, extended and extraordinarily severe weather events that disrupt communications, or being called to military duty. Poor time management, other work commitments, vacations, not reading or following the Course Syllabus, or failure to obtain the appropriate books or computer equipment are not events that warrant special consideration.

Assignments are usually due no later than midnight PST, MST, CST or EST (whichever time zone the student is in) on the date listed unless otherwise indicated. It is understood that emergency circumstances may interrupt an assignment’s promptness. Exceptions will be made only if there is an emergency circumstance and prior arrangements have been made with the instructor for an extension. If the instructor approves an extension, there may be a point reduction for the assignment being late. No assignments will be accepted after one week of the assignment's original due date.

Discussion posts submitted after the week in which they are due are not eligible for credit without prior authorization from the instructor. Discussion posts may incur up to a 10% deduction off the total discussion points possible for each day late on any submission of a main post or a response post. Discussion posts are not eligible for credit if submitted after the week in which it is due. Failure to meet the deadline for papers/assignments without prior approval may result in up to a 25% deduction per day. Any assignment submitted after Day 3 of the following week may not be
eligible for credit.

Policy on Honesty and Plagiarism
This course seeks to empower students for independent learning, resourcefulness, clear thinking, and perception. All submitted work and activities should be genuine reflections of individual achievement from which the student should derive personal satisfaction and a sense of accomplishment. Plagiarism and cheating subvert these goals and will be treated according to the policy stated in the Student Handbook. The instructor reserves the right to utilize electronic means to help prevent plagiarism. Students agree that by taking this course all assignments are subject to submission for textual similarity review to SafeAssign via Blackboard. Assignments submitted to SafeAssign will be included as source documents in SafeAssign’s restricted access database solely for the purpose of detecting plagiarism in such documents.

Academic Honesty
Honesty in the performance of academic assignments is essential to the mastery of a subject and intellectual development. As an accredited institution of higher learning dedicated to the transmission of knowledge and the free inquiry after truth, Concordia strives to maintain the highest standards of academic honesty and seeks to heed the commands for honesty found in Scriptures.

The instructor reserves the right to utilize electronic means to help prevent plagiarism. Students agree that by taking this course all assignments are subject to submission for textual similarity review. Assignments submitted for review will be included as source documents in a restricted access database solely for the purpose of detecting plagiarism in such documents.

Matriculation
Students are eligible to for graduation once the following requirements have been met:

- Successful completion of 45 core course units;
- Successful completion of 6 elective course units;
- Successful completion of 9 clinical course units to include:
  - A supervised practicum, COUN 640 Supervised Practicum, consisting of a total of 100 clock hours, with at least 50 clock hours of direct service with actual clients.
  - Internship experienced in COUN 641 Supervised Internship I. Internship I will consist of 300 total clock hours, with 150 clock hours of direct service with actual clients.
  - Internship experienced in COUN 642 Supervised Internship II. Supervised Internship II will consist of 300 total clock hours, with 150 clock hours of direct service with actual clients.
- Successful completion of an integrative culminating component of the program, COUN 614 Methods and Practice of Research in Counseling. Students plan and write a research paper in which a review of literature, application of statistical procedures and data analysis, assessment, and program evaluation is used to recommend improvement in the Counseling process.
Definitions
Honesty in the performance of academic assignments is essential to the mastery of a subject and intellectual development. The responsibility for such honesty rests with the individual student. To help members of the community recognize academic dishonesty, the definitions are listed below.

Cheating
Cheating is presenting someone else’s work as one’s own. Cheating is knowingly giving, receiving, acquiring or possessing information used for academic evaluation, including tests, term papers, written projects, etc., which has deception as its intent.

Plagiarism
Plagiarism is using the exact words, phrases, or sentences of another person without documentation. Plagiarism is paraphrasing information used by another person (facts, opinions, ideas, or language) without proper documentation or reusing another person’s work.

The result of plagiarism is, at minimum, a zero on the assignment. It may result in failure of the course, or expulsion from the university. Appeals will be handled per the policy stated in the undergraduate student handbook available online.

Online Communication Expectations
For Synchronous Learning Sessions, students are expected to be prepared to engage in discussions or activities led by the instructor. Promptness to these sessions is required to maximize time on task and to show courtesy toward others. For Asynchronous Learning, students are required to communicate with the professor and fellow classmates several times a week. A large portion of this is accomplished through weekly Discussion Board conversations. On average, there are several writing prompts or questions posted by the professor on a weekly basis. The student is asked to clarify why he or she would choose a certain line of thinking or course of action as it relates to the writing prompt or question. The rationale for a particular course of action can be stated after reviewing such things as the implications from the social, emotional, academic, physical and spiritual sides. Anything from the readings or other literature may be brought in to support the answer.

Reporting Procedures
Informing the student
The instructor will remind the student in the course syllabus that this course follows the policy on cheating and plagiarism as found in the student handbook.

Initiating action in cases of cheating and plagiarism
The instructor, upon discovering the incident of cheating or plagiarism, should be prepared to document the case carefully with appropriate and adequate evidence.

The instructor will confront and personally discuss the alleged dishonesty with the student. This may happen via email, over the phone, or face-to-face depending on the availability of both student
and instructor. If the instructor is convinced after this confrontation that the student has been academically dishonest, then the following procedure will be pursued.

**Disciplinary Procedure**
After the instructor has confronted the student and informed him/her of the situation, the instructor is, within 24 hours or the end of the next business day, to inform the Academic Program Director responsible for oversight of the program major.

The instructor reserves the right to utilize electronic means to help prevent plagiarism. Students agree that by taking this course all assignments are subject to submission for textual similarity review to SafeAssign via Blackboard. Assignments submitted to SafeAssign will be included as source documents in SafeAssign’s restricted access database solely for the purpose of detecting plagiarism in such documents.

**“Reasonable Accommodation” Statement**
Students desiring accommodations on the basis of physical, learning, or psychological disability for this class are to contact the Disability and Learning Resource Center (DLRC) - www.cui.edu/studentlife/disability-learning-resource-center or call 800.229.1200, extension 3039. The DLRC is located in Suite 114 on the 1st floor of the Administration Building.

**Grading and the Grading System**
Coursework is evaluated and grades are awarded as follows. Instructors may employ a point system in individual courses, but the following are the Registrar’s standards for grading.

<table>
<thead>
<tr>
<th>Grade</th>
<th>Percentage</th>
<th>Description</th>
<th>Grade Points</th>

**Grade Appeal Process**
The university recognizes the right of faculty to set standards of performance and to apply them to individual students. Therefore, the instructor is the final authority in determining grades that are assigned to students and that appear in their permanent academic records. Students have a right to inquire how their grade was determined. The following procedures apply to changes of grades except for changes of Incomplete (I) and withdrawal (W) grades.

In general, all course grades are final when filed by the instructor within one week after the course is completed. Students have access to their grades through Banner Web. These grades are a part of
Students have the right to formally appeal the final grade in a course. When grades are given for any course of instruction the grade given to each student shall be the grade determined by the instructor of the course.

Students who believe they have been subject to a clerical or procedural grading error or to arbitrary or discriminatory academic evaluation shall follow the recommended procedure.

A request for grade change must be initiated by the grievant within the 4 weeks, following the award of the original grade. The student must produce in writing a formal request for a review of the grade clearly stating the rationale based upon the definitions as stated in this policy. If the instructor determines that there is a valid basis for the change, a Change of Grade form shall be used to notify the Office of the Registrar. Prior to being accepted by the office of the Registrar, the change of Grade form shall be completed and signed by the instructor, noting the basis for the change.

If the instructor determines there is not a valid basis for the change and denies the grievant’s request, the grievant may proceed to the appeals by submitting, in writing a rationale for this appeal within 60 days after the last day of class. The appeal should be sent to the immediate academic supervisor. If the matter is not resolved, the grievant may choose to appeal, in writing to the Dean of the school. The Dean shall have five (5) working days while classes are in session or fifteen (15) days when classes are not in session, to schedule an appointment with the student to discuss the academic grievance.

If the matter is not resolved, the grievant may choose to appeal, in writing, to the Provost. The Provost shall have ten (10) working days while classes are in session or fifteen (15) days when classes are not in session to appoint and convene an ad hoc grievance committee. The grievance committee will be convened and render their decision as per Policy 489.2 in the University Handbook.

Definitions: Clerical or procedural grading error: a course grade which is incorrect due to one or more mistakes in grade recording or computation, pertaining either to grades for individual assignments and examinations, or to the course grade as a whole.

Discrimination: Disparate treatment given equal performance for reasons of Race, ethnicity, religion, marital status, national origin, gender or within the limits imposed by law or university regulations because of age, disability or citizenship.

Maintaining Good Standing
A student must maintain a 3.0 cumulative GPA to remain in good standing. If a student drops below a 3.0 cumulative GPA, the student is placed on Probation and has until the end of the next semester, to achieve the required 3.0 cumulative G.P.A., or the student may be dismissed from the
program.

C-Trigger Policy
Students enrolled in the Master of Arts Counseling program must maintain a minimum GPA of 3.0 in order to remain in good standing in the program. Students may not earn more than 2 C’s total while in the program, or they may be required to stop out for one term. Students may not repeat a course more than once. If a student retakes a course and does not pass, then he/she must stop out for one term and may not take any other courses until they are able to successfully pass that course. Receiving an F in a course two times could result in dismissal from the program.

Probationary Status
A student is on probationary status if he/she has been fully or conditionally admitted to the program and does not maintain the appropriate course GPA and/or 3.0 cumulative GPA. A student may also be placed on probation if he/she receives an F in any course. Other reasons a student may be placed on probation include issues relating to moral or ethical character, behavior unbefitting of a student, or other conditions or combination of conditions that cause reason to question the student’s compatibility in the program.

A student must resolve any issues leading to the probationary status by the last day of the following semester. If this is not possible, i.e. the course needing to be repeated is not offered, the Dean may determine an appropriate timeline. If the probationary status is not remedied the student will be dropped from the program.

Academic Dismissal
The first step in academic dismissal is placing a student on probationary status. Students who do not remedy academic or other difficulties and return to good standing within one semester may be dismissed from the program. A student may also be dismissed if he/she receives an F in any course. Other reasons a student may be dismissed include issues relating to moral or ethical character, behavior unbefitting of a student, or other conditions or combination of conditions that cause reason to question the student’s compatibility in the program, e.g., plagiarism or cheating.

Part-Time Full-Time Status
Students are considered three year track (Part-Time) that are taking one course per term, students taking two courses per term are considered 2 year students (Full-Time). Course tracks can be referenced in the Guide to Typical Program which outlines courses and typical progression through the program.

Stopping Out One Course or One Semester
Stopping out one course or semester within your major because of personal or professional concerns does not require re-admission to the university. If you do withdraw or skip a course, please contact your academic advisor, as this will impact not only your schedule, but billing and possibly financial aid. When your cohort is finished with the program, you will have the opportunity
to take the course(s) you skipped the next time offered.

**Stopping Out More than One Semester**
Occasionally students will need to stop their participation in the program either because of academic dismissal or a change in personal circumstances (loss of job, etc.). In either case the student will need to apply to be readmitted to the program.

The application form for readmission is different than the original application found on the web, and can be obtained by contacting the Graduate Admissions Office. Once completed, the director of the program will review the file. You may be called in for a personal interview as part of this process. The director, in consultation with a committee, will decide on readmission on a case by case basis. Please note that when you are re-admitted, it will be at the prevailing tuition rate for the program. Students that are academically dismissed must wait at least one calendar year from the date of dismissal to reapply.

**Incomplete**
Assigned when a student, with the consent of the instructor, postpones the submission of certain work because of extenuating circumstances. Incompletes must be removed within four weeks from the conclusion of the class unless an extension is granted by the instructor with the approval of the Dean. No more than two incompletes per semester. Failure to remove an incomplete will result in the automatic change to the alternate grade given at the same time as the incomplete.

**Dropping Courses**
Assigned when a student withdraws from a class. All drops must occur before the end of the second week of the class. After the second week, students will receive the grade they’ve earned. Students must contact the School of Professional Studies to formally drop a course.

**Administrative Withdrawal**
Administrative withdrawals will be allowed if the student is enrolled in class and does not attend, log into Blackboard, or participate during the first two (2) weeks of class.

**Withdrawal from School**
Adult Education students who will no longer continue their enrollment at Concordia University must withdraw formally from the university. The withdrawal date is the date we receive a formal request from the student to withdraw from the university. Any courses that have occurred prior to this date the student will receive the grade earned. Non-attendance does not constitute withdrawal from classes and will result in grades of "F."

**Code of Conduct**
A copy of our university wide student conduct policy can be found [here](https://docs.google.com/document/d/12FcYTJJBqOrq9hPaZGBL951i9khOGj4HEyZcPbt8cs0/edit#heading=h.gjdgxs). Students are also expected to maintain the standards set forth by the American Counseling Association Code of Ethics and by the American Association of Christian Counselors Code of Ethics.
Satisfactory Academic Progress (SAP)

Overview
Federal regulations require all schools participating in Title IV financial aid programs to have a Satisfactory Academic Progress (SAP) policy. Title IV financial aid programs include: Pell Grant, Supplemental Educational Opportunity Grant (SEOG), Federal Direct Subsidized Stafford Loan, Federal Direct Unsubsidized Stafford Loan, Federal Direct PLUS Loans, and Work-Study. The requirements of this policy apply to all students receiving federal and state aid, and institutional aid per university policy.

Minimum Standards
To remain eligible for federal grants, loans, and work-study, students must meet the standards indicated below at the end of each semester. Please note the standards to establish and maintain eligibility for Title IV assistance are more stringent than the University's academic standards for continuous enrollment. At the end of each term of enrollment, students must earn the minimum cumulative GPA, minimum number of units, and be within the maximum timeframe. Failure to meet the minimum cumulative standards may result in a loss of financial aid eligibility.

Qualitative Measure of Progress
The qualitative requirement sets a minimum Cumulative Grade Point Average (GPA) for the degree level at which a student is classified. Note: This is the GPA used to determine one's status and includes grades from courses taken at all other schools that are accepted by Concordia. To remain in compliance, a student must maintain the following cumulative GPA after each period of assessment:

Minimum Cumulative GPA for graduate students is 3.0

Quantitative Measure of Progress
The quantitative requirement contains two components, (1) Pace of Progression and (2) Maximum Timeframe.

Pace of Progression/Completion Rate
The credit hour completion rate reflects the pace at which students must progress to ensure that they are able to complete their degree program within the maximum time frame. The pace of progression is calculated by dividing the cumulative number of hours the student has successfully earned by the cumulative number of hours the student has attempted. All students regardless of classification must earn 67% of all hours attempted. This is a cumulative calculation and includes credits attempted at all schools before and while attending Concordia.

Maximum Timeframe
The maximum time frame for undergraduate students to complete their degree cannot exceed 150% of the published length of the academic program. Hours are counted starting with the semester the student-entered school, even those semesters in which he/she did not receive financial aid. The maximum time frames are listed below:
Bachelor’s Degree 180 Attempted Hours  
Master’s Degree Attempted Hours required for program (40 units)

**Age of Credit**  
CUI courses for the MA Counseling Program that are more than 6 years old may not be applied toward the MA Counseling degree. Transfer credit from an outside institution will not be evaluated if it is older than 6 years.

**Hours Attempted**  
Hours attempted include all hours pursued in the student’s career and are counted in the maximum timeframe whether or not financial aid was received. Attempted hours also include the following: withdrawals, incompletes, failing grades, repeated coursework, and transfer credits accepted by the University.

**Auditing Classes**  
Students who wish to enroll in a course without receiving credit may choose to audit the course until the last day to add each semester. Exams and papers assigned to students taking the course for credit do not apply to audit students; all other expectations are the same. A notation of “Audit” will be assigned upon satisfactory completion of the course. Audited courses do not count toward graduation requirements. Additional information may be obtained in the Office of the Registrar.

**Non Degree Students**  
These are students attending Concordia on a part-time basis who are not working toward a degree, certificate, or credential. These students must complete a Guest Application for non-degree course work through the Office of the Registrar before registering for classes. Credit for these courses cannot be applied toward a degree, certificate, or credential until these students have completed the application process through the Office of Admission.

**Repeated Coursework**  
Students are allowed to repeat a previously passed course and have it count toward enrollment for financial aid eligibility only once. However, all repeats count against the maximum timeframe (total attempted credits) and reduce the pace/completion rate because they count as earned credits only once.

**Financial Aid Warning**  
Students who do not meet the SAP standards will be placed on Financial Aid WARNING. While on WARNING status, students will continue to receive financial aid. All students who are notified of their WARNING status should seek academic counseling and take advantage of all other student services available to ensure student success at Concordia University.

**Financial Aid Termination**  
Students who do not meet the SAP standards for more than one term will be TERMINATED from
receiving all financial aid. Being on TERMINATION status does not prohibit a student from continuing their education. Students who have lost their financial aid eligibility may be reinstated once they demonstrate satisfactory academic progress.

**Appeal Process**
Only appeals for the following reasons will be accepted:
- A death of an immediate family member of the student.
- Medical/hospitalization of the student.
- Mitigating circumstances beyond the student’s control that affected their academic progress.

All appeals must be submitted in writing, and include the Financial Aid Satisfactory Academic Progress (SAP) Appeal Form, with supporting documentation attached, to the Financial Aid Office. Acceptable documentation for each circumstance must be stated in the appeal letter and supporting documentation must be attached, such as medical records, death certificates and any documentation that supports the student’s mitigating circumstances. The Director of Financial Aid will approve or deny appeals as they are submitted. Results of an appeal will be sent to the student in writing. Any student whose appeal is denied by the Director of Financial Aid has the right to appeal to the Financial Aid Committee. The Financial Aid Committee will use the same criteria in rendering its decision.

**Academic Resources**

**Writing Expectations**
All writing will be assessed for APA format following the APA Manual (6th ed.) as listed in the recommended course materials. The use of proper APA paper format, style, citations, and references is required for all papers and assignments. Consult the syllabus and/or instructor for clarification on specific assignments. All written work must exhibit clarity of thought, and be free of grammar, spelling, and sentence structure errors. Concordia University/Irvine has a Writing Center (http://www.cui.edu/en-us/studentlife/Writing-Studio) and writing resources on the library (cui.edu/library) and CELT web pages. Please plan ahead to schedule time for assistance in the Writing Center or with a librarian on papers and assignments as needed.

**Writing Resources**
The Writing Center: Make an appointment with a Writing Center consultant to receive feedback on your paper(s). The Writing Center is located in Theta Lounge. Appointments can be made by going to www.cui.edu/studentlife/writing-center. The site also has links to more than 60 helpful resources for writers such as sample papers showing all citation styles and information on plagiarism.

Grammarly (Free for CUI students): Get help with grammar from this automated grammar tutorial and revision support tool. As a CUI student, you can upload segments—or drafts—of your paper to receive immediate feedback, assess the editorial suggestions, and make the necessary corrections. Simply log-in using your CUI email and E#. DO NOT try to access Grammarly from the internet
directly or the system will try to charge you a fee. Instead, access Grammarly through the CUI Writing Center website link.

The Little Seagull Handbook:

Library Resources
The library services at Concordia can be accessed online at cui.edu/library. There are hundreds of thousands of journals, ebooks and other titles that can be found in the 30+ research databases.

Technology Resources
This course will be conducted using Blackboard. Blackboard can be accessed by going to cui.blackboard.com using most web browsers such as Firefox (Firefox.com), Google Chrome (Google.com/Chrome), Internet Explorer (Microsoft.com/InternetExplorer) and Safari (Apple.com/Safari). Blackboard’s official list of supported web browsers can be found at http://goo.gl/zH21E. As a best practice, it is highly recommended that you have at least two, if not three, web browsers installed on your computer. You can install these additional free browsers by visiting the sites listed above. If something does not work correctly in one browser, simply try again using a different browser.

At any time you experience technical problems, you may contact our Information Technology Services (ITS) department. The email address is ITS@cui.edu and the phone number is 949-214-3175. For specific hours of operation and additional help information, go to http://www.cui.edu/it.

Concordia provides a 24 hour 7 days a week self-help password assistance program. To access this service, go to myaccount.cui.edu. If you need further assistance, please email ITS@cui.edu or call ITS at 949 214-3175.

Disability and Learning Resource Center
The Disability and Learning Resource Center (DLRC) works with university departments to ensure that their programs are accessible to every person in the university community. Additionally, the DLRC provides reasonable accommodations so that otherwise qualified students with disabilities may, as independently as possible, meet the demands of university life. The DLRC also serves university faculty and staff with disabilities who should address employment concerns directly to Human Resources and may utilize the DLRC as an information resource.

Counseling/Mental Health Resources
All students at Concordia University Irvine have access to our on-campus counseling center which offers the following resources:

- **Individual Therapy:** Many students meet with the counselor, one-to-one, usually weekly, to work through personal concerns.
- **Crisis Counseling:** At times a student is experiencing personal issues that need immediate
assistance.

- **Ongoing education** through lectures and seminars.
- **Referrals**: Provide resources for off-campus groups, medical or psychiatric services that offer more or different services from those available at Concordia University. E-therapy or tele-therapy are not available.

There is a $5 session fee for full-time undergraduate students. There is a fee of $10.00 per counseling session for part-time and graduate students. Counseling sessions are not billed to health insurance. However, scholarships are available based on individual financial needs. No one will be turned away for financial issues.

**Professional Resources**

**American Counseling Association (ACA)**

Within the American Counseling Association there are 19 divisions that enhance professional identity and are organized around specific interest and practice areas, including the aging (AADA); multiculturalism (AMCD); spiritual, ethical, and religious values (ASERVIC); and the military (MGCA), to name a few. Additionally, students may find interest in joining the AACC (American Association of Christian Counselors) and one of its many divisions, including but not limited to military, multicultural, and addictions. The divisions provide professional strength and satisfy the diverse needs of the counseling community.

Students are encouraged to connect with the following resources for events and training in the counseling field. Students will also need to be familiar with their state licensing board, information for which can be found [here](#).

**AACC**

The American Association of Christian Counselors holds a National Christian Counseling Conference each year. Information for this and other events can be found [here](#).

**ACA**

The American Counseling Association holds a yearly conference & expo. They provide additional [trainings and symposiums](#), a free [continuing education](#) module of the month, and a large resource know as their [knowledge center](#).

**MA Counseling Program Resources**

**Diversity and Inclusion**

This committee, chaired by a full time Core Faculty member, emphasizes the promotion of a multicultural understanding of the profession of counseling with regard to race, ethnicity, and heritage; socioeconomic status; age; gender; sexual orientation; and religious and spiritual beliefs, as well as physical, emotional, and mental abilities for learners and faculty, alike. The committee
helps to coordinate and communicate information regarding conference programming, research, journal articles, continuing education opportunities, social justice issues, and other resources that address issues of multiculturalism and cultural responsiveness and guidance on working with diverse client populations, in addition to serving a diverse student body.

**Professional Development and Advocacy**
This committee, chaired by a full time Core Faculty member, emphasizes the promotion of engagement in the field of professional counseling. The committee helps to coordinate and communicate information regarding advances in the field, advocacy issues, and professional development opportunities for learners, faculty, and/or site supervisors, for the practice of counseling in various professional settings.

**Student Growth and Development**
The purpose of the Student Growth and Development committee is to emphasize the personal and professional skills and dispositions that are commensurate with a Masters level counseling trainee. Students grow and development at varying rates and paces, so the aim of this committee is to pair learners with a faculty mentor in a collaborative and supportive relationship any time an area is identified as requiring further training, growth, or development. Students must demonstrate consistent and sustained proficiency with regard to skills, knowledge, and professional dispositions for successful passage of field work and completion of the program. A supportive plan that is individualized to a student’s area of concern where further development is required will be developed and may include (but is not limited to) customized assignments, meetings with counselor education faculty, and/or a recommendation for personal counseling or outside support.

**Key Professional Dispositions**
Students in Counselor Education are expected to comply with professional and ethical standards in all of their activities, including in their classes and research; toward their peers; and across the educational community. As such, they are expected to honor commitments, keep confidences, make and keep appointments, fulfill assignments in a timely manner, avoid plagiarism, and conduct themselves in compliance with all the ACA ethical standards.

Students are systematically assessed with regard to demonstration of key professional dispositions at multiple points of time throughout the program. The faculty-driven assessment process includes includes collection, review and analysis of data as compiled via the Townsend Counseling Skills Evaluation (TCSE) and the Counselor Competency Scale-Revised (CCS-R) (Lambie, Mullen, Swank, & Blount, 2015). Among the professional dispositions assessed are emotional stability and self control, motivation to learn and grow, openness to feedback, multicultural competence, and professional ethics.

Student assessment is implemented at varying points during the program, including (1) COUN 600 in the beginning of the program (2) COUN 633 Techniques, (3) COUN 610 Advanced Techniques, (4) COUN 640 Practicum, (5) COUN 641 Internship, and (6) COUN 642 Internship. It is the expectation
that, due to the developmental nature of this instrument, as students progress through the program, the instrument will track growth and development through mastery in field work. Failure to progress or demonstrate developmentally appropriate growth with the support of the counselor education faculty may result in course failure, delay of program, or dismissal from the program.

**Student Evaluation and Continued Enrollment**

The program faculty conducts a systematic developmental assessment of each student’s progress throughout the program, including consideration of the student’s academic performance, professional development, and personal development. Consistent with established institutional due process policy and the American Counseling Association’s (ACA) code of ethics and other relevant codes of ethics and standards of practice, if evaluations indicate that a student is not appropriate for the program, faculty members help facilitate the student’s transition out of the program and, if possible, into a more appropriate area of study. The Council for Accreditation of Counseling and Related Educational Programs (CACREP) standards require that students demonstrate knowledge and skill with regard to curriculum, in addition to professional dispositions (2016). This will be evaluated by faculty on an ongoing basis, no less than yearly, for each student in the program.

As stated in the Field Experience Manual the program faculty conduct a systematic developmental assessment of each students’ progress throughout the program, including consideration of their academic performance, professional development, and personal development. Supervisors and faculty of the Townsend Institute at Concordia University have a professional and ethical responsibility to evaluate students on the following:

- Understanding the characterological structure and internal processes that drive healthy or unhealthy affect, cognitions and behaviors
- Competency in facilitating character structure and symptom change in clients
- Counseling skills competence
- Demonstrates professional behaviors
- Personal characterological maturity and relationship skills
- Ethical competency

These evaluations are appropriate during any course the student is taking. In addition to weekly Learning Activities focused on both growth and meeting CACREP standards that are aligned to basic counseling competency. The program is heavily focused on appropriate experiential opportunities to learn specific counseling skills and techniques. Student’s practice can be viewed first hand by skilled practitioners for ongoing feedback. Concerns can be picked up early by faculty and addressed or a remediation plan can be implemented in cooperation with the Director of the Counselor Education program.

In addition, there is an extensive evaluation process during the Supervised Practicum and
Supervised Internship courses, which lend themselves to this feedback and remediation if needed.

As such, the faculty of the Townsend Institute at Concordia University Irvine will not automatically approve program completion for students who demonstrate deficits that may interfere with future professional competence. Students enrolled in the Practicum and Internship courses may be given a “not pass” grade and/or be placed on hold and a plan of remediation implemented if any of the following apply:

- Unprofessional or unethical conduct either at the Practicum or Internship sites or in the interaction with faculty and staff of Concordia University Irvine and the Practicum and Internship sites.
- Any verifiable complaints about the student from the Site supervision.
- Threat of lawsuit toward the Site, supervisor, or any employee of Concordia University Irvine.
- If the University supervisor and/or any other faculty of the Townsend Institute at Concordia University Irvine determines that the student’s current emotional, mental, or physical well-being compromises the integrity of the practicum/internship experience or potentially places the student, or others, in harm’s way or an unduly vulnerable position.
- Violation of the University’s Honor Code: I pledge that I will not at any time be involved with cheating, plagiarism, fabrication, or misrepresentation while enrolled as a student in the Counselor Education Program of the Townsend Institute at Concordia University Irvine. I understand that violation of this code will result in penalties as severe as indefinite suspension or expulsion from the University.

If any of the above mentioned behaviors happen, the student’s professor will notify the Director of Counselor Education in writing the specific details of the violation. This will be investigated by the Director of the Counselor Education program along with anyone else he/she deems necessary to be part of the investigation. If warranted the Director of the Counselor Education program will bring the issue to the Dean of the School of Professional Studies. A remediation plan will be formulated in conjunction with the Director of the Counselor Education program, the student, and faculty that filed the violation.

The purpose of the remediation plan is to assist the student in correcting any deficits in the above areas so the student can successfully continue in the program until completion. Remediation procedures can include such actions as repeating particular courses, obtaining personal counseling, completing additional assignments, academic dismissal from the Townsend Institute at Concordia University Irvine. Once the student has fulfilled all stipulations of the remediation plan, the Dean, Director of the Counselor Education program and the professor will meet to decide if the student is ready to continue.
Students will have an opportunity to appeal any part of this process. This needs to be communicated in writing to the Director of Counselor Education. The policy is stated as follows:

**Academic Reasons:** The counselor education program follows CUI policies and procedures for student retention, remediation, and dismissal. Students having a semester Grade Point Average (GPA) below 3.00 will be placed on probation for the following semester. Students on probation may register for no more than 13 academic units. Any student whose term GPA has fallen below 3.00 for two semesters and whose cumulative institutional GPA is below 3.00 will be academically disqualified as a degree student. A student who earns a semester GPA below 2.00 in any semester will be dismissed immediately. Subsequent reinstatement may be granted by the appeal board only. Each student is allowed one academic appeal during the entirety of their entirety of a graduate program. Students may also be dismissed for overt violations of the current ACA Ethical Codes and Standards of Practice.

**Confidentiality**

We will occasionally deal with very personal and sensitive matters. It is imperative that any personal information revealed during class time is kept confidential among classmates and not be exposed outside of class. That said, instructors are not bound to confidentiality of the student but will take measures to preserve the privacy when possible and dignity of each student. When there is discourse that requires intervention, the instructor reserves both the right and the responsibility to respond as appropriate to assist, support, and/or provide resources.

Self-reflective learning is supported, but individual concerns will not be the focus of the class. Please use judgment and address supervision or personal issues with a trusted personal advisor, therapist or instructor after class. The aim of this course and the program, overall, is primarily for education and training to become an effective people helper.

**Evaluation Criteria for Counseling Practicum**

The practicum is a pass/no pass course. A grade will be given after the completion of the experience and the faculty member will make the final decision regarding the course. A grade of “I” (Incomplete) may be received if the 100 hours required for practicum are not completed by the end of the semester. Please note that if given an “I,” hours must be completed within two weeks of the following semester or the grade will automatically turn to failing grade and no credit will be received. It is the student’s responsibility to notify the instructor once the hours are completed and request a grade to be changed.

The student will be evaluated according to the following criteria:
1. Demonstration of the counseling skills, competencies, and professional behaviors outlined in the program’s Practicum and Internship Manual and on site supervisor evaluation forms.
2. Completion of 100 hours, including at least 40 direct client hours in one semester.
3. Timely submission of completed weekly log of practicum hours.
4. Timely completion of weekly learning activities via Blackboard.
5. Evaluations of the student from the site and faculty supervisors.
6. Satisfactory participation during the Counseling Practicum course.
7. Presentation of two or more (as determined by instructor) case conceptualizations in conjunction with audio/video recording or submission of live observation of counseling sessions that demonstrate effective counseling skills and competencies.
8. Completed paperwork is submitted and uploaded to Blackboard or delivered through email in an ongoing manner such that all required paperwork is loaded by the end of the semester.

Field Experience

All Townsend Institute/Concordia University field experience students (regardless of whether practicum or internship) are expected to adhere to the ACA Ethical Codes, the standards and policies of student conduct as outlined by the university, in addition to the standards and policies as indicated by their respective field experience site. Students must be in good academic and dispositional standing to participate in the field experience.

Evaluation Criteria for Counseling Internship

The counseling internship is a graded course. A letter grade will be given after the completion of the experience and the faculty member will make the final decision regarding grading and course credit. A grade of “I” (Incomplete) may be received if the 300 hours required for counseling internship are not completed by the end of the semester in which they enrolled for counseling internship. Please note that if given an “I” hours must be completed within two weeks of the following semester or the grade will automatically turn to an “F”. It is the student’s responsibility to notify the instructor once the hours are completed and request a grade to be changed. A grade of “PR” (in progress) may be received but must be accompanied by a medical excuse.

The student will be evaluated according to the following criteria:

1. Demonstration of the counseling skills, competencies, and professional behaviors outlined in this manual and on site supervisor evaluation forms.
2. Completion of at least 300 hours, inclusive of at least 120 direct client hours, in one semester (with final total of 600 hours including 240 direct client hours at the end of the second semester of counseling internship)
3. Timely submission of completed weekly log of practicum hours
4. Timely completion and submission of weekly learning activities via Blackboard
5. Evaluations of the student from the site and faculty supervisors
6. Satisfactory participation during the Counseling Internship Course
7. Presentation of two or more (as determined by instructor) case conceptualizations in conjunction with audio/video recording or submission of live observation of counseling sessions that demonstrate effective counseling skills and competencies

Liability Insurance Coverage

Students are required to provide proof of individual professional counseling liability insurance prior to registering for any of the three-part supervised counseling practicum, COUN 640A, B, and C. Proof of individual professional counseling liability insurance must also be provided prior to registering for any of the three-part supervised internship series, COUN 641B Supervised Internship IB, COUN 642A Supervised Internship IIA, or COUN 642B Supervised Internship IIB.

Recommending Students for Licensing and Employment

It is the sole responsibility of each student to ensure that all the educational and supervisory requirements for licensure in their state are met prior to graduation. Students are expected to research their state requirements for necessary or required electives and/or field experience requirements. A Masters Degree does not guarantee licensure. Information regarding specific state licensure requirements is subject to change without notice. Concordia University is not responsible for knowing when changes occur, but we do make every attempt at staying abreast of updates and will work hard to communicate that information to students; however, the responsibility rests with each student to remain informed.

When the Counselor Education program is contacted by a licensing agency and or potential employer of a graduate, the Director of the Counselor Education (DCE) will coordinate the department’s response according to the following guidelines regarding licensure:
1. The DCE will consult with the Office of the Registrar to confirm the student’s graduation.
2. The DCE will consult with the Coordinator of Field Experience to confirm the student’s number of direct service hours and indirect service hours.
3. The DCE and/or Coordinator of Field Experience will communicate this to the licensing agency and submit a copy of the student’s counseling log if required.

The Director of the Counselor Education (DCE) will coordinate the department’s response according to the following guidelines regarding a reference for employment. If an individual faculty member is contacted he/she will communicate that to the DCE and follow the procedure below.
1. The DCE will consult with the Office of the Registrar to confirm the student’s graduation.
2. The DCE or faculty member will review the assessments and GPA on that particular student regarding counseling skills and character.
3. The faculty member can then write the recommendation. A copy needs to be sent to the DCE.
4. If it is a general request, the DCE will consult with appropriate faculty members (i.e. the student's field experience instructor). A copy will be retained by the DCE.

Licensure

It is the sole responsibility of the student, not the program, to research their state’s requirements for necessary or required electives and/or field experience requirements. CUI is not responsible to inform students of specific educational or field experience requirements for state licensure and cannot advise students on their state board rules and regulations.

Disclosure Statement

Enrollment in the Master of Arts in Counseling program does not guarantee a degree from Concordia University, nor does it guarantee qualification for professional licensure in one’s state. Students are responsible for meeting all academic and professional requirements for graduation.
MASTER OF ARTS IN COUNSELING

PURPOSE

Mission of Concordia University Irvine

Concordia University, guided by the Great Commission of Christ Jesus and the Lutheran Confessions, empowers students through the liberal arts and professional studies for lives of learning, service, and leadership.

Institutional Graduate Learning Outcomes (GLOs)

Integrated Learning (IL)
Graduates will be able to apply knowledge and skills from current research, scholarship, and/or techniques in their field with other disciplines.

Ethical Leadership (EL)
Graduates will be able to apply standards of ethics informed by Christian teachings as they fulfill their vocations within a diverse society.

Scholarly Research (SR)
Graduates will be able to conduct scholarly research on problems and issues in their field of study.

Effective Communication (EC)
Graduates will be able to articulate knowledge and insights related to their field through written, oral and electronic media, in professional and academic contexts.

Reflective Practice (RP)
Graduates will be able to balance evidence-based decision making, logical thinking, and consideration of human potential to take appropriate actions that advance their field.

Community Engagement (CE)
Graduates will be able to assess and develop cogent positions on significant issues in their field to respond to needs in their respective communities.
PROGRAM LEARNING OUTCOMES

Counseling Program Learning Outcomes (PLOs)
The Masters of Arts in Counseling Program is guided by the program learning outcomes listed below. Graduates will demonstrate the following:

Scholarly Research
Master relevant aspects of conducting research, statistical procedures, methods, assessment, program evaluation and their utilization to improve counseling effectiveness. (GLO: SR)

Systems Thinking (ST)
Analyze and apply the concepts necessary to utilize their skills in individual/small group counseling, couples counseling, family systems, organizational consultation/collaboration, and community partnerships. (GLO’s: IL, CE)

Ethical Leadership (EL)
Assess and apply standards of ethical leadership, informed by Christian principles and values to the counseling setting in which they practice and in accordance with the ACA Code of Ethics, legal precedence, and other appropriate licensure standards. (GLO: EL)

Effective Communication (EC)
Communicate clearly through effective problem-solving, decision-making, and conflict resolution to support individuals, couples, families, groups and organizations through skilled use of applicable methods while adjusting for diverse settings and context. (GLO: EC)

Reflective Clinical Practice (RCP)
Engage in reflective clinical practice through the balancing of diagnostic decision making, appropriate assessment, informed research based best practices, and theoretical frameworks of human dynamics. (GLO: RP)

Clinical Judgment and Assessment (CJA)
Develop clinical judgment by interpreting assessment tools used in clinical practice and gaining mastery of clinical tools necessary for treatment planning. Learn to work with diverse behaviors found in individuals, groups, couples, and families across the lifespan. (GLO: IL, RP)

Global and Community Commitment (GCC)
Interact with local, regional, national, and international communities by contributing to the body of research, participating in professional development and working with community agencies to provide counseling services to their local and global society. (GLO: CE)

COURSE DESCRIPTIONS

COUN 600 Personal Development Skills Process Group 3 Units
Students will participate in a process group training experience led by a trained faculty facilitator. Students will grow in the critical relational skills that are necessary to counsel effectively, have vulnerable interaction and receive targeted feedback from members. Students will have a safe place for personal character development. This accelerated 2-week course includes 4 days on the Concordia University campus.

COUN 600A Personal Development Skills Process Group (A) 0 Units
Students will participate in a process group training experience led by a trained faculty facilitator. Students will grow in the critical relational skills that are necessary to counsel effectively, have vulnerable interaction and receive targeted feedback from members. Students will have a safe place for personal character development. This accelerated 2-week course includes 4 days on the Concordia University campus. Concurrent Enrollment: COUN600B

COUN 600B Personal Development Skills Process Group (B) 3 Units
Students will participate in a process group training experience led by a trained faculty facilitator. Students will grow in the critical relational skills that are necessary to counsel effectively, have vulnerable interaction and receive targeted feedback from members. Students will have a safe place for personal character development. This accelerated 2-week course includes 4 days on the Concordia University campus.

COUN 601 Human Growth and Development 3 Units
The study of individual and family development across the life span including normal and abnormal behavior with an emphasis on childhood and adolescence. An examination of neurobiological, affective, cognitive, personality, moral, psychosocial and faith development, as well as strategies for facilitating optimal development. Course also includes an understanding of developmental crises, disability, psychopathology, and situational and environmental factors that effect development. Various theories of development are addressed with a focus on psychodynamic, attachment, self and interpersonal neurobiological theorists. Prerequisite: COUN 600 or (COUN 600A and COUN 600B).

COUN 602 Theories of Counseling 3 Units
An investigation of counseling, psychotherapeutic theories and techniques and their application to the helping relationship and process. The course provides an orientation to wellness, prevention, and counseling theories to assist in selection of appropriate counseling interventions. The study of models of counseling consistent with current professional research and practice, development of a personal model of counseling, and multidisciplinary responses to crises, emergencies, and disasters. Prerequisites: COUN 600 or (COUN 600A and COUN 600B), COUN 601.
COUN 603 Clinical Psychopathology and Diagnosis 3 Units
The study of the principles of the diagnostic process, including differential diagnosis, and the use of current diagnostic tools, such as the current edition of the Diagnostic and Statistical Manual and the International Classification of Diseases. This course covers the impact of co-occurring substance use disorders or medical psychological disorders, established diagnostic criteria for mental or emotional disorders, treatment modalities and techniques, and placement criteria within the continuum of care. Emphasis is placed on the neurobiological and interpersonal conditions that create developmental deficits which underlie the mental disorders and their symptoms. Prerequisites: COUN 600 or (COUN 600A and COUN 600B), COUN 601, COUN 602.

COUN 604 Theory and Practice of Groups 3 Units
The study of group counseling theory, techniques, dynamics, process and stages. An examination of therapeutic factors of group work, approaches, pertinent research and literature, group counseling methods, and evaluation of effectiveness. Leadership styles as well as basic and advanced group interventions will also be explored.

COUN 605 Legal, Ethical and Professional Issues 3 Units
The study of history, professional roles and responsibilities of the counseling profession, including ethical, legal and Christian standards/principles for conduct. An examination of professional organizations, preparation, credentialing and the creation of a plan for lifelong professional and personal development. Students will also investigate specific ethical and licensure standards within California and their home state.

COUN 606 Foundations and Contextual Dimensions of Mental Health Counseling 3 Units
An investigation of the history, philosophy and cultural dimensions of mental health counseling, including the roles of identity of mental health counselors, ethical considerations and the training and credentialing of mental health counselors. Includes professional issues and practice guidelines for the mental health counselor, including conducting community needs assessments and creating and overseeing community interventions to address those needs.

COUN 607 Social and Cultural Foundations 3 Units
Theories and techniques for helping in a multicultural world, including development of cultural self awareness, identity development, promoting cultural social justice, individual and systemic strategies for working with and advocating for diverse populations, and counselors' roles in eliminating biases and prejudices, as well as an understanding of processes of intentional and unintentional oppression and discrimination.

COUN 608 Models and Application of Integration 3 Units
The study of integration models and the application of these models to the practice of Christian counseling. Included is the basic assumptions of Christianity and psychology, the nature of the Christian experience and the direct application of the major teachings of the Bible to help relationships.

COUN 609 Theory and Practice of Assessment 3 Units
The study of assessment, appraisal, and testing of individuals, including basic concepts of standardized and nonstandardized testing and other assessment techniques, norm-referenced and criterion-referenced assessment, statistical concepts such as reliability and validity, social and cultural factors related to assessment and evaluation of individuals, families and groups, and ethical strategies for selecting, administering, and interpreting assessment instruments and techniques in
COUN 610 Advanced Skills of Mental Health Counseling 3 Units
This course includes advanced counseling and psychotherapeutic theories and techniques, application of counseling constructs, assessment and treatment planning, clinical interventions, therapeutic relationships, psychopathology, or other clinical topics. Application of modalities such as crisis intervention, brief, intermediate and long-term approaches. Prerequisites: COUN 600 or (COUN 600A and COUN 600B), COUN 601, COUN 602, COUN 603.

COUN 611 Foundations of Crisis and Trauma Counseling 3 Units
This course is designed to provide students with the foundations of crisis counseling, including crisis theory; multidisciplinary responses to crises, emergencies, or disasters; cognitive, affective, behavioral, and neurological effects associated with trauma; brief, intermediate, and long-term approaches; and assessment strategies for clients in crisis and principles of intervention for individuals with mental or emotional disorders during times of crisis, emergency, or disaster. Specialized skills, methods and interventions for working with those suffering with traumatic stress and exploration of the impact of trauma on the individual, family and community.

COUN 612 Career and Lifestyle Development 3 Units
An investigation of Career development theories and techniques, including career development decision-making models and interrelationships among and between work, family, and other life roles and factors, including the role of multicultural issues in career development. Additional emphasis on career assessment instruments that facilitate lifelong career development.

COUN 613 Foundations of Addiction Counseling 3 Units
The study of Addictions counseling, including substance abuse, co-occurring disorders, and addiction, major approaches to identification, evaluation, treatment, and prevention of substance abuse and addiction, legal and medical aspects of substance abuse, populations at risk, the role of support persons, support systems, and community resources. The issues that contribute to various addictive behaviors, as well as various models of recovery.

COUN 614 Methods and Practice of Research and Evaluation 3 Units
An examination of basic research methods and practice, statistical methods, research reporting and evaluation, ethical considerations and use of research to inform evidence-based practice, and the value of research in advancing the profession of counseling. Additional emphasis will also be placed on needs assessment and program evaluation.

COUN 621 Psychopharmacology 3 Units
Psychopharmacology, including the biological bases of behavior, basic classifications, referral, indications, and contraindications of commonly prescribed psychopharmacological medications. The study of appropriate uses of these medications as well as identification of their effects and side effects.

COUN 622 Foundations of Spiritual Formation and Direction 3 Units
An investigation of the history, traditions and application of spiritual formation/direction. Emphasis on the knowledge and application of the spiritual disciplines such as prayer, meditation, study, solitude, fasting, etc.; as well as the practice of directing the spiritual growth of others.

COUN 623 Foundations of Marriage and Family Therapy 3 Units
The history and philosophy of the marriage and family therapy movement, including roles and
identity of marriage and family therapists, marriage and family systems and practice, ethical considerations and the training and credentialing of marriage and family therapists.

**COUN 624 Level I Clinical Training: Gottman Method Couples Therapy 3 Units**
A thorough examination of the data generated by Dr. John Gottman's research that offers a scientifically-based glimpse into the anatomy of couple relationships. Explore the Gottman Sound Relationship House theory and how to achieve the three main goals of the Gottman Method: modify conflict, enhance friendship and create shared meaning. The acquisition of beginning therapeutic skills and tools to help couples build stronger, happier relationships. An investigation of how the Gottman Method integrates with the Christian world view.

**COUN 625 Level II Clinical Training: Gottman Method Couples Therapy 3 Units**
The study of advanced therapeutic interventions using the Gottman Method. Investigate the different inventories used to assess a couple's friendship, conflict and shared meaning profile. A thorough examination of strategies to help couples who might have one of the five different co-morbidities that are associated with distressed couples. An investigation of how these advanced principles integrate with the Christian world view. Prerequisite: COUN 624.

**COUN 626 Foundations of Play Therapy 3 Units**
An introduction to the field of play therapy for both graduate students and clinical practitioners working with children, adolescents and adults. Emphasis on the history of play therapy, its primary theoretical models and general applications. This class provides credits that can be applied to instruction necessary to become a Registered Play Therapist (RPT).

**COUN 627 Human Sexuality 3 Units**
The theological and psychological study of human interaction in relationships with emphasis on intimacy and sexuality. Additional areas of study include gender issues, sexual identity formation and the prevention and treatment of sexual abuse for both perpetrators and survivors.

**COUN 629 Internship Completion 3 Units**
This course is for students not successfully completing COUN 641B or COUN 642B. This course is offered in the following grade mode: Pass/No Pass.

**COUN 630 Independent Study in Counseling 3 Units**
An individualized study agreed upon by the student and faculty member that allow the student to focus on a specific area of knowledge or service to a particular population. Integrates research, theory and practice with the Christian faith.

**COUN 633 Counseling Skills and Techniques 3 Units**
The purpose of this course is to facilitate students' development of core counseling skills. It will incorporate didactic and experiential learning practices to assist students in developing the knowledge, attitudes and skills essential to effective counseling. Focus is on specific foundation counseling skills, with time for explicit practice and feedback on these counseling core skills. Students will also learn the foundational Townsend Model techniques and have an opportunity to reinforce skills introduced in COUN 600.

**COUN 640A Supervised Practicum A 0 Units**
A supervised counseling experience providing the opportunity to practice individual, family and group counseling skills in a clinic setting. The 100-hour practicum requires a minimum of 50 direct client contact hours and includes weekly individual and group supervision from a University professor. This course is offered in the following grade mode: Pass/No Pass. Prerequisites: COUN
600 or (COUN 600A and COUN 600B), COUN 601, COUN 602, COUN 603, COUN 610. Concurrent Enrollment: COUN640B

**COUN 640B Supervised Practicum B 3 Units**
A supervised counseling experience providing the opportunity to practice individual, family and group counseling skills in a clinic setting. The 100-hour practicum requires a minimum of 50 direct client contact hours and includes weekly individual and group supervision from a University professor. This course is offered in the following grade mode: Pass/No Pass. Prerequisites: COUN 600 or (COUN 600A and COUN 600B), COUN 601, COUN 602, COUN 603, COUN 610. Concurrent Enrollment: COUN640A

**COUN 641A Supervised Internship IA 0 Units**
The opportunity to practice and provide a variety of counseling related activities that would normally be expected of a regularly employed counselor. The 300-hour internship requires a minimum of 150 direct client contact hours and includes weekly individual and group supervision from a site and University supervisor. This course is offered in the following grade mode: Pass/No Pass. Prerequisite: COUN 640B. Concurrent Enrollment: COUN641B

**COUN 641B Supervised Internship IB 3 Units**
The opportunity to practice and provide a variety of counseling related activities that would normally be expected of a regularly employed counselor.
