      2. We shouldn’t burden students with a change

      4. Will have to instill in the students that Monday is for studying and to ease stress and issues with packing over the week
    - vii. Pros:
      1. It would help if there were no finals on Friday, but students could still stay on Friday and Saturday with no charge to pack

2. Helpful to have the Monday off to study (Celina Stratton experienced this in high school and found it beneficial in her experience)
  3. Having Professors available to help students study on Monday will be very beneficial
