

**International Baccalaureate  
(IB) Credit**

Concordia accepts a maximum of thirty (30) non-accredited, credit by exam and/or military credits. Students that completed International Baccalaureate (IB) subjects and/or the IB diploma may be granted course-for-course and/or elective credit based on the **subject level and minimum score**. Students may send their official IB transcript to the Registrar's Office to review for credit. For more information visit [Types of Transfer Credits](#). If a student takes a college course equivalence where IB credit was received, the student forfeits the IB credit.
