In no more than 300 words, give a description of how you – while progressing through the CMC curriculum – expect to lead and serve as a church-planter and/or mission-starter in your congregation. Be sure to include how you and your congregation are expecting to work together to find new ways of reaching the homes and families surrounding your church with the Gospel of Jesus Christ.

It is then your responsibility to sign this form and obtain the signatures of your Pastor, a lay leader of your congregation (Congregational President or head-Elder), and a District official (District President or appropriate Mission Executive).
