Acceptance Procedures

APPLICATION AND ADMISSION INFORMATION

Admission Requirement for Online Bachelor's programs and GE program

1. 2.4 HS GPA
2. Possess a high school diploma or GED documentation
3. Submission of official transcripts from all colleges attended

Completion of the Online Bachelor's application process and submission of all necessary and required documents will complete the file. Following file completion, the application information will be reviewed and a decision issued regarding acceptance.

Students with fewer than forty-five (45) units of accredited transferable units are eligible for candidate status (provisional acceptance) within a chosen Online Bachelor's major and can begin taking online general education (GE) courses. Once forty-five (45) units are obtained, students may begin taking courses in their chosen Online Bachelor's major concurrently.

ADMISSIONS APPEAL PROCESS

A student who has applied and been denied admission has a right to appeal the decision within seven (7) days of receiving notification of admission denial. The appeal must be made in writing to the dean of the School of Professional Studies and include a rationale for reconsideration. Within seven (7) days of receipt of the letter, the dean will convene an appeals committee consisting of one (1) member appointed by the dean and one (1) member appointed by the Office of the Provost.

The student will be informed of the date and time of the meeting and be instructed to bring any documentation pertinent to the appeal. At the meeting the chair will cite the reason(s) for the denial of admission and the student will be given the opportunity to explain the basis of their appeal. After discussion, the student will be excused and the committee will render a decision. The student will be informed of the decision in writing within three (3) days. This decision will be considered final.

TRANSFERRING UNITS FROM ANOTHER INSTITUTION

A student can fulfill most of the general education requirements in the following ways:

1. IGETC (Intersegmental General Education Transfer Curriculum) certification.
2. CSU (California State University) certification.
 - A. A maximum of thirty-two (32) units, from accredited, credit by exam and/or military units will be accepted for transfer.
 - B. CUI will accept Community College GE transfer coursework (up to 70 units) from courses which will satisfy similar category requirements in the CSU or IGETC programs. Please see the chart below to see which categories are considered similar. (Students can use www.assist.org to find out which CSU/IGETC category a particular course fulfills.)

3. Associate of Arts (AA) and the Associate of Science (AS) degrees that meet the CSU General Education Breadth requirements..
4. Completion of Concordia University Irvine's general education requirements for Online Bachelor's students as listed below.

Students entering with an AA or AS degree must have documented proof of earning the degree prior to entering the Online Bachelor's Program. Students entering with an AA or AS degree may still have some GE requirements to meet degree eligibility requirements.

Academic Policies

Late Assignment Policy

Late work will be accepted only by prior arrangement with the instructor before the due date for the assignment. Full credit will not be given for late work. However, each faculty member has the prerogative to set their own policy for late work, and the policy for each course is clearly stated in the syllabus.

Live Virtual Session Policy

Students are expected to meet online for live virtual sessions on weeks 1, 3, 5, and 7. Classes are scheduled to start, per the discretion of the instructor, between 6pm and 9pm (PST) for all OBD and GE courses. Students may miss up to 25% of virtual sessions, with prior approval of the instructor, and still complete the course with a passing grade. In order to make up the points for attending a live session, a student will be expected to watch the full length recording, provide a written summary/outline of the session, and complete an alternative assignment determined by the professor.

Class Postponement Policy

Concordia University reserves the right to cancel the start date of a new group of students if enrollment is insufficient. No class may be canceled within three (3) working days of the scheduled start.

Academic Probation & Disqualification

The university is committed to providing assistance to students for academic success while at the same time maintaining a standard of academic integrity for Concordia. When a student's academic achievement falls below the standards set by the university, academic probation and disqualification are imposed.

A student having a semester grade point average (GPA) below 2.0 will be placed on probation for the following semester. Students on probation may register for no more than 12 academic units. A student having a semester GPA above 2.00 but an institutional GPA below 2.00 will remain on academic probation until the institutional GPA is at least a 2.00. Any student whose GPA has fallen below 2.0 for 2 semesters and whose institutional GPA is below 2.00 will be academically disqualified as a degree student. Any student whose institutional GPA is less than 1.00 in a single semester will be academically disqualified as a degree student. Upon dismissal the student has the right to appeal to the designated Dean. A student can only appeal once during their tenure at Concordia University.

Academic Honesty Policy

All courses and academic work at Concordia University Irvine seek to empower students for independent learning, resourcefulness, clear thinking, and perception. All submitted work and activities should be genuine reflections of individual achievement from which the student can derive personal satisfaction and a sense of accomplishment. Academic dishonesty, which includes all forms of plagiarism, cheating, and the offering or receipt of unauthorized aid, subverts these goals and is prohibited.

DEFINITIONS

1. Academic Dishonesty: Academic dishonesty includes all forms of cheating on any course-related activities, including (but not limited to) tests, quizzes, and other assigned work, as well as all forms of plagiarism, misuse of internet resources, multiple submissions of student work, falsification and false statements, and unauthorized aid. Academic dishonesty may occur in courses offered by Concordia University, in courses transferred into the university while the student is enrolled at Concordia University, or in other academic work done while the student enrolled at Concordia University (e.g., the President's Showcase of Academic Research); the provisions of this policy cover all such instances.

2. Plagiarism: Plagiarism is the submission of material from one or more sources without citing those sources, or by citing sources inaccurately or incompletely. It may consist of direct quotation of sources (uncited, inaccurately or incompletely cited), or it may consist of indirect quotation (i.e., paraphrasing) or summarizing of such sources without proper attribution. Plagiarism may be unintentional or intentional. Both forms are serious academic violations. A respected writing handbook describes academic dishonesty and plagiarism in the following way.

- While there are many ways to damage academic integrity, two that are especially important are inaccurate or incomplete citation of sources—also called unintentional plagiarism—and plagiarism that is deliberately intended to pass off one writer's work as another's (Andrea A. Lunsford, *The St. Martin's Handbook* 283).

3. Internet Plagiarism: The Scott Foresman Handbook for Writers by M. Hairston, J Ruszkiewicz and C. Friend, has some specific advice for using the internet.

- The basic rules of scholastic honesty still apply in electronic environments. [Students] may not copy and paste information from a Web site, listserv, newsgroup, or other electronic source to [their] own project without fully documenting that material. Nor may [they] call it [their] own because [they] have altered it in some minor way. (748).

4. Multiple Submission: Multiple submission is the submission of work a student has completed in one course to meet requirements in another course. Students must always obtain permission from their instructor before using work completed in one course to meet requirements in another.

5. Falsification: Falsification is the submission of another student's work as one's own. The same

applies to purchasing essays or other academic materials in order to submit them as one's own work.

6. Unauthorized Aid: Unauthorized aid is any type of assistance that is not permitted by the University or its faculty. Examples include (but are not limited to) receiving answers to a quiz or test from another student or some other source; having one student complete a homework assignment or sign a course attendance sheet on behalf of another; having one student take a quiz or test on behalf of another; aid issued by any University constituent (paid or unpaid by the University) which is unauthorized or which falsifies a student's personal academic work. Students who are unsure whether a particular type of aid is authorized or unauthorized must consult their instructor in advance before attempting to give or receive such aid. The giving, receiving, and knowing toleration of unauthorized aid are all considered to be academic dishonesty, and students who commit any of the three are liable to the consequences of this policy and its attendant procedures. Any unauthorized aid which creates an academic exception to improve a grade, earn course credit, or meet an admission, financial aid, eligibility or graduation requirement is a form of academic dishonesty.

ADJUDICATION

Academic dishonesty, cheating and plagiarism are academic matters, thus they are handled by faculty and academic administrators following the procedures established by the University's Academic Council and described in the Student Code of Conduct. Since the Office of Student Conduct serves as the University's repository for student conduct records, faculty who find instances of academic dishonesty are required to notify the Director of Student Conduct & Care of them before consequences are determined, so that any previous cases of academic dishonesty in the student's record can be considered. The deans of the University's schools participate in the academic dishonesty process by verifying faculty findings of academic dishonesty and consulting the reporting faculty member regarding appropriate consequences. The Office of the Provost or its designee is the sole and final adjudicator of the application of this policy and hears any student appeals related to academic dishonesty; therefore, student conduct appeal procedures described in the "Disciplinary Process" and "Student Rights and Responsibilities" sections of this Student Code of Conduct does not apply in such cases. Findings related to academic honesty will be shared with the Office of the Dean of Students and will be considered in student disciplinary proceedings.

Multiple instances of academic dishonesty may render a student liable to dismissal from the university, depending on the number and severity of the instances. A single instance of dishonesty may be sufficient to lead to a student's dismissal, if the instance is particularly flagrant or extreme as determined by a school dean.

The faculty of the University have determined that the following range of penalties will be applied to students found responsible for committing academic dishonesty:

a. First instance at the University: The student is required to undergo mandatory training in academic honesty as stipulated by the University, at his or her own expense. The instructor, in consultation with the dean of the school, also selects a penalty from the following range of options:

- A failing grade for the assignment, with an opportunity to make up the work.
- A failing grade for the assignment, with no opportunity to make up the work.
- Up to a letter grade off of the final grade for the course.
- iv. A failing grade for the course.
- v. Dismissal from the University. The student receives a failing grade for any course she or he committed academic dishonesty in that semester and be administratively withdrawn from all other courses that semester. The University will not readmit the student (applicable only in extreme or flagrant cases; requires consent of the Dean for the school in which the instance occurred and the Dean for the school in which the student is enrolled, if these are different).

b. Second instance at the University: The student is required to undergo mandatory training in academic honesty as stipulated by the University, at his or her own expense. The instructor consults with the dean of the school, and together they select a penalty from the following range of options:

- A failing grade for the course.
- Dismissal from the University. The student receives a failing grade for any course she or he committed academic dishonesty in that semester and be administratively withdrawn from all other courses that semester. The University will not readmit the student (applicable in extreme or flagrant cases; requires consent of the Dean for the school in which the instance occurred and the Dean for the school in which the student is enrolled, if these are different).

c. Third instance at the University: Dismissal from the University. The student receives a failing grade for any course she or he committed academic dishonesty in that semester and be administratively withdrawn from all other courses that semester. The University will not readmit the student. The Dean for the school in which the instance occurred (and the Dean of the School in which the student is enrolled, if these are different) consults with the instructor to determine whether any mitigating circumstances justify a lesser punishment; if not, the student is dismissed.

In the event unauthorized aid has been deemed to have been offered by a University constituent to a student, the Office of the Provost, in conjunction with the Human Resources Department and the Dean of Students, will conduct an investigation of the alleged academic dishonesty to determine appropriate actions towards the constituent and the student involved. In the event this pertains to a prospective or current student-athlete, the Assistant Athletic Director for Compliance will also be notified to determine if an NCAA violation has occurred.

For further information please reference the [Student Code of Conduct](#).

Counseling Students who engage in instances of Academic Dishonesty may also be referred to the Counseling Student Development Committee for further remediation in addition to any action taken by the Office of Student Conduct.

Dean's List

A full-time student whose semester grade point average is 3.80 or higher is recognized as an honor student and is placed on the Dean's List. A full-time student whose semester grade is between 3.50 and 3.79 is recognized for Academic Commendation. Students must carry a minimum of 12 units to be considered for recognition.

Incomplete

Assigned when a student, with the consent of the instructor, postpones the submission of certain work because of extenuating circumstances. Incompletes must be removed within four weeks from the conclusion of the class unless an extension is granted by the instructor with the approval of the Dean. No more than two incompletes per semester. Failure to remove an incomplete will result in the automatic change to the alternate grade given at the same time as the incomplete.

Dropping Courses

Courses may be dropped without record of enrollment during the first week of each session. From week 1 through week 4, courses may be withdrawn from with a "W" with the approval of the academic advisor. No courses may be withdrawn from after week 5. Students who withdraw from all their semester classes will need to formally withdraw from the university and should speak with their advisor.

Withdrawal from School

Online Bachelor's Degree students who will no longer continue their enrollment at Concordia University must withdraw formally from the university. The withdrawal date is the date we receive a formal request from the student to withdraw from the university. Any courses that have occurred prior to this date the student will receive the grade earned. Non-attendance does not constitute withdrawal from classes and will result in grades of "F." For questions please call your academic advisor.

Grade Appeal Process

The university recognizes the right of faculty to set standards of performance and to apply them to individual students. Therefore, the instructor is the final authority in determining grades that are assigned to students and that appear in their permanent academic records. Students have a right to inquire how their grade was determined. The following procedures apply to changes of grades except for changes of Incomplete (I) and withdrawal (W) grades.

In general, all course grades are final when filed by the instructor within one week after the course is completed. Students have access to their grades through [MyRecords](#). These grades are a part of the official records. Students are encouraged to regularly review their Degree Works progress, also available through MyRecords.

Students have the right to formally appeal the final grade in a course. When grades are given for any course of instruction the grade given to each student shall be the grade determined by the instructor of the course.

Students who believe they have been subject to a clerical or procedural grading error or to arbitrary or discriminatory academic evaluation shall follow the recommended procedure.

- 1.) Contact the course instructor with concerns. If the instructor determines that there is a valid basis for the change, a Change of Grade form shall be used to notify the Office of the Registrar. Prior to being accepted by the office of the Registrar, the change of Grade form shall be completed and signed by the instructor, noting the basis for the change.
- 2.) If the instructor determines there is not a valid basis for the change and denies the grievant's request, the grievant may proceed by completing the appropriate appeal form, which can be obtained from the academic advisor. The form must be completed within 60 days after the last day of class. The appeal form will automatically notify the advising team, program director and dean. After completing their portion of the form, the student may be contacted to schedule an interview before the appeals committee. Upon completion of the interview, the appeals committee will make their recommendation, in writing, to the Dean. The Dean shall have fifteen (15) working days to make the final decision. Once made, the student will be notified of the Dean's decision via email.
- 3.) If the matter is not resolved, the grievant may choose to appeal, in writing, to the Provost. The Provost shall have ten (10) working days while classes are in session or fifteen (15) days when classes are not in session to appoint and convene an ad hoc grievance committee. The grievance committee will be convened and render their decision as per Policy 489.2 in the University Handbook.

Definitions:

Clerical or procedural grading error: a course grade which is incorrect due to one or more mistakes in grade recording or computation, pertaining either to grades for individual assignments and examinations, or to the course grade as a whole.

Discrimination: Disparate treatment given equal performance for reasons of Race, ethnicity, religion, marital status, national origin, gender or within the limits imposed by law or university regulations because of age, disability or citizenship.

CONCURRENT ENROLLMENT

Students who wish to take coursework outside of Concordia University Irvine may register concurrently at other regionally accredited institutions. It is recommended that students consult with their academic advisor before taking courses to make sure the course(s) will fulfill degree requirements. If the course is being used for a major or minor requirement, approval will be required from the Department Chair for that major/minor. No student may receive credit for more than 21 units in a semester, including units from regular courses taken on campus, courses taken off campus, individualized study courses, and correspondence courses. No more than 6 units may be taken outside of Concordia during a student's last semester. Additionally, only grades of C- or better may be transferred; only transfer grades of C or better may be applied to major or minor requirements.

Completion of the Program and Course Substitution

The Online Bachelor's Degree Program courses are designed to be taken as a complete program. While some courses may be similar to those offered at other institutions, the hybrid model and the focus of the practical content was designed specifically for students in this program. In addition, these courses constitute the residency requirement to gain the Concordia degree. It is for these reasons that substitutions of program courses are generally not permitted.

While Completing General Education and Program Courses

To be considered a continuing student in the online bachelor's degree program, you are expected to maintain continuous enrollment. While taking general education classes or elective classes online you are expected to take at least one course per semester. If you do not take a class for more than one consecutive semester, you will be considered inactive and will need to reapply to the program.

While Completing the Online Bachelor's Major Courses

Students who stop out for one semester and now desire to re-enroll at Concordia are required to be readmitted to the university. All students who are applying for readmission must go through the admission process and should contact the Graduate Admissions Office for an application. Students may be required to resubmit their application as part of the application process.

The specific categories and requirements are:

1. Readmission following disqualification: the student must show evidence indicating the deficiency which led to disqualification has been removed.
2. Readmission following a leave of absence: the student must show that the situation necessitating the leave of absence has been resolved.

3. Students must submit official transcripts from all institutions attended during the absence from Concordia. All readmission applications are reviewed by the Admission Committee. Readmission to the university is not guaranteed.

Students returning to Concordia after an absence of one (1) term or more will re-enter under the catalog that is current at the time of return. Students with junior or senior status may appeal this policy unless the student chooses to re-enter into a different program than previously enrolled.

Within the 90, up to fifteen (15) semester units of (P) Pass, (CR) Credit or (S) Satisfactory grades will be accepted if it is equivalent to C- or higher grade.

3. Additionally, within the 90 and 70 semester units, only thirty (30) non-accredited, credit by exam (AP, CLEP, DSST, IB), and/or military credits may be transferred. Military credits are accepted for elective credit only unless approval is obtained by the appropriate department chair or dean. Non-accredited transfer courses are only accepted if taken before a student matriculates to Concordia and may be applied to GE requirements and electives if approved by the appropriate department chair or dean. To receive credit for AP, CLEP, DSST and IB, official scores must be submitted to the Office of the Registrar prior to the beginning of the student's final semester.

 - b. This may also apply to some AS degrees, which are evaluated on a case by case basis.

It is required that all Online Bachelor's students meet with an Online Bachelor's academic/career advisor to review their college transcripts, allowing for clarification of previously completed college courses.

Students must meet all of the graduation requirements for their bachelor's degree including a minimum of one hundred-twenty (120) units.

Prior Learning Credit can help Online Bachelor's students fulfill their GE and elective units. Prior learning assessment and college credit received for knowledge and learning already obtained will help the student accelerate the path to degree completion while also lowering the costs of obtaining a degree. Concordia's Online Bachelor's program awards college credit for significant life learning through three (3) different programs:

1. CLEP (College Level Examination Program): gives a student the opportunity to receive college credit for the knowledge already acquired through independent study, prior coursework, on-the-job training, professional development, cultural pursuits, or internships by earning qualifying scores on any of thirty- three (33) examinations.
2. DSST (DANTES [Defense Activity for Non-Traditional Education Support] Subject Standardized Tests): an effective method to provide evidence of prior learning. In fact, the

thirty-eight (38) exams, available at a competitive fee, complement other credit by examination programs such as CLEP.

3. LearningCounts.org: the Council for Adult and Experiential Learning's (CAEL) online service offering credible, third-party assessment of college-level learning acquired outside the college classroom.
4. A maximum of thirty-two (32) units from AP, CLEP, DSST, non-regionally accredited, pass/fail and Learning Counts will be accepted for transfer.
